Satellite: 9:30-10:30 AM CT/ 10:30-11:30 AM ET***

## ***DISTRIBUTION & OPERATIONS***

### **PANELISTS:**

**Cedric Green**, SCE&G  
**George Glenn**, North Carolina One Call Center  
**Mike Beatty**, SCE&G  
**Jim Nelson**, Piedmont Natural Gas  
**Todd Mingus**, PSNC Energy  
**Mike Ellis**, Itron  
**Richard Harshaw**, Elster

### **TARGET AUDIENCE:**

All Employees

### **PROGRAM OVERVIEW:**

This broadcast will focus on a range of issues impacting distribution operations. Panelists will identify lessons learned and best practices for distribution system construction, operations, and maintenance, engineering, integrity management, field service, and regulatory compliance.

This program is co-sponsored by the following SGA Committees: Distribution Construction Operations & Maintenance, Distribution Engineering, Distribution Integrity Management, Regulatory Compliance, and Customer Field Service Utilization. It was taped at the Spring Gas Conference & Expo in Charlotte, NC.

### **TOPICS TO BE DISCUSSED INCLUDE:**

- Common Ground Alliance (CGA) Best Practice Committee
- Damage Prevention Best Practices
- DIMP Update: Highlights from new DIMP regulation, understanding threats, applying safety resources.
- Automated Meter Reading & Advanced Metering Infrastructure
